Dr. Kollock in Nashville.

Regular Graduate and Registered Physician. Formerly Assistant Surgeon U. S. Navy, after-ward Post Surgeon U. S. Army, and later Surgeon British Marine Service, with two years' experience as physician at Hot Springs Ark. Endorsed by the "Encyclopedia Britannica," Vol. X, page 186, the "largest and most important work in the world," being in twenty- seven volumes, each the size of a large church Bible. He is noted as the discoverer of the active principle of gelsemium, a specific for neuralgia of the face and womb. Cures cancer, syphilis, lost manhood and general debility. The Doctor has been over the world and has made many cures given up by other physicians. Vendome Building.

A general activity is noted in the horse markets over the State.

A Sound Liver Makes a Well Man.

Are you bilious, constipated or troubled with jaundice, sick headache, bad taste in mouth, foul breath, coated tongue, dyspepsia, indigestion, hot dry skin, pain in back and between the shoulders, chills and fever, etc. If you have any of these symptoms, your liver is out of order, and your blood is slowly being poisoned, because your blood does not act properly. Herbine will cure any disorder of the liver, stomach or bowels. It has no equal as a liver medicine. Price 75 cents. Free trial bottle at R. C. Hardwick's drug store.

A special session of the Henderson Circuit Court is in session.

A canvass among the druggist of this place reveals the fact that Chamberlain's are the most popular proprietary medicines sold. Chamberlain's Cough Remedy, especially, is regarded as in the lead of all throat trouble remedies, and as such, is freely prescribed by physicians. As a group medicine, it is also unexcelled, and most families with young children keep a bottle always handy for instant use. The editor of the Graphic has repeatedly known Chamberlain's Cough Remedy to do the work after all others have failed.—The Kimball S. D. Graphic. For sale at 25 and 50 cents per bottle by R. C. Hardwick Druggist.

The Knights of Pythias of Carrollton will give a banquet April 3.

DISEASES OF THE SKIN.

The intense itching and smarting incident to eczema, tetter, salt-rheum, and other diseases of the skin is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites, and chronic sore eyes. For sale by druggists at 25 cents per box.

Try Dr. Cady's Condition Powders, they are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. Sold by R. C. Hardwick, druggist.

Mr. E. E. Bell was chosen to fill the vacancy in the Paduch Council.

Not to be trifled with. [From Cincinnati Gazette.]

Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by R. C. Hardwick Druggist.

The oil excitement is reaching a high pitch in the Pikeville fields.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

The peaches in Madison county are said to have been killed by the severe weather.

Seems as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the phonograph, the electric light—all were once impossible, and once it was impossible to cure consumption. That was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this Standard remedy will cure 98 per cent. of all cases of consumption. Consumption is caused and fostered by impurity in the blood. It is cured by purity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

Dr. Pierce's Common Sense Medical Adviser, a 1008 page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Harrison county Democrats have already called a primary for the '97 election.

Ballard's Horehound Syrup.

We guarantee this to be the best Cough Syrup manufactured in the whole wide world. This is saying a great deal, but it is true. For consumption, coughs, colds, sore throat, sore chest, pneumonia, bronchitis, asthma, croup, whooping cough and all diseases of the throat and lungs, we positively guarantee Ballard's Horehound Syrup to be without an equal on the face of the globe. In support of this statement we refer to every individual who has ever used it, and to every druggist who has every sold it. Such evidence is indisputable. Free trial bottle at R. C. Hardwick's drug store.

The little child of Mr. Wm. Spencer, at Panther, in Daviess county, was burned to death.

All last winter Mr. Geo. A. Mills, of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe he could not stand up straight, but was drawn over on one side. "I tried different remedies without receiving relief," he says, "until about six months ago I bought a bottle of Chamberlain's Pain Balm. After using it for three days my rheumatism was gone and has not returned since. For sale by R. C. Hardwick, druggist.

The Rev. Frank Morris, a Baptist minister at Independence, is in a critical condition.

Ballard's Snow Liniment.

Mrs. Hamilton, Cambridge, Ill., says: I had the rheumatism so bad I could not raise my hand to my head. Ballard's Snow Liniment has entirely cured me. I take pleasure in informing my neighbors and friends what it has done for me. Chas. Handley, clerk for Lay & Lyman, Kewanee, Ill., advises us Snow Liniment cured him of Rheumatism. Why not try it? It will surely do you good. It cures all inflammation, wounds, sores, cuts, sprains, etc. Free trial bottle at R. C. Hardwick's drug store.

The Benton Tribune wants the cider sellers of the Marshall capital to pay a license.

If you are troubled with sick-head-aches and want to reach comfort, Ramon's Tonic Liver Pills will frank you through to your destination. Ask your druggist to tell you something of their wonderful cures in this locality in the last few months. They are the best recognized specific for the cure of all forms of biliousness, disordered liver, sour stomach, indigestion, etc. Only 25 cents for both the Pills and the Tonic Pellets—trial free.

Are You One

Of those unhappy people who are suffering from weak nerves, startled at every slight sound, unable to endure any unusual disturbance, finding it impossible to sleep? Avoid opiate and nerve compounds. Feed the nerves upon blood made pure and nourishing by the blood purifier and true nerve tonic, Hood's Sarsaparilla.

Hood's Pills are the best after-dinner pills, assist digestion, prevent constipation. 25c

KENTUCKY CROP REPORT.

Bureau of Agriculture, and Statistics.—February, 1896.

WHEAT.

Notwithstanding the generally favorable weather conditions prevailing during the months of January and February, 1896, the condition of the wheat crop at the close of February is not flattering.

Reports received from ninety-five counties, with but few exceptions, place the condition of the crop far below the average. Twenty-three correspondents report the condition as "worst ever known," while only two correspondents report the condition as "good."

Correspondents from seventy counties report varying conditions, which may be embraced under the general head, "unfavorable."

Owing to unfavorable conditions at seeding time, the acreage was materially reduced; this, with the generally unfavorable report, makes the outlook for an average crop doubtful, even with the most favorable weather conditions from this time forward.

The reports for percentage of 1895 crop still in first hands average 21 per cent. Reports on condition of growing plant, average 64 per cent. On stand obtained, 72 per cent.

RYE.

Reports on the condition of rye give an average condition of 68 per cent.

CORN.

Reports on the per cent. of 1895 crop still in first hands give an average of 58 per cent., being considerably more than is usually found there at this season of the year.

HOGS.

Reports on the percentage of hogs being fattened for market average 86 per cent. This would indicate a short supply of hogs, when it is considered that comparatively no hogs are being carried over to be fed for fall market. Twenty correspondents report hog cholera prevalent.

TOBACCO.

While it is early for information on the tobacco crop, correspondents report generally good progress made in sowing plant beds. The reports on per cent. of plant beds sown average of 69 per cent. Reports on per cent. of 1895 crop still in first hands show 53 per cent. of the crops so held. The extremely low price of all grades of tobacco is having the effect of discouraging production, and, unless there is an improvement along this line, it may safely be assumed that less than an average crop will be pitched the coming season.

CATTLE.

The reports on percentage of two year old cattle on hand average 75 per cent. Per cent. of cattle being fed for spring and summer markets is 95.

SHEEP.

Average percentage of stock sheep on hand, 77 per cent. The open winter has been very favorable for young lambs. The per cent of lambs saved to date is 88 per cent.

HORSES.

The percentage of two and three-year-old horses averages 86 per cent. In response to query as to the average price of two and three year-old horses answers received range from \$10 to \$50. The average is \$36.40 is a startling falling off in price of one of the principal products of the State.

LIVE STOCK GENERALLY.

The average condition of live stock generally is given at 97 per cent., the mainly open winter and abundant supply of feed combining to make the percentage an unusually high one. Indeed, it may safely be said that the present excellent condition of live stock has never been equaled.

CROP PREPARATIONS.

Reports generally indicate an unusual amount of spring plowing done, fully 60 per cent. of plowing for corn crop having been done by March 1st.

FRUIT CROPS.

Replies to special inquiries made since the unusual severe freeze at the close of February show the fruit crop still practically uninjured. Only four correspondents report any material injury and they report the peach crop alone as suffering.

"Success is the reward of merit" not of assumption. Popular appreciation is what tells in the long run. For fifty years, people have been using Ayer's Sarsaparilla, and today it is the blood-purifier most in favor with the public. Ayer's Sarsaparilla cures.

Mr. R. P. Fox, of Madison county, has a short-horn cow that opens and shuts a spring latch gate whenever she wants to.

The base of Ayer's Hair Vigor is a refined and delicate fluid, which does not soil or become rancid by exposure to the air, and which is as perfect a substitute for the oil supplied by nature in youth and health, as modern chemistry can produce.
